

Data RJ45 CAT6A

22.3.9
22.3.9M
22.3.9L

Description

The CAT6A network cable receptacle. It can be inserted into any of the 22 System mounting plates.

Electrical

44-57V DC (PoE protocols)

Materials

Polycarbonate casing, electrical components.

Finishes

White, almond, black.

Patents

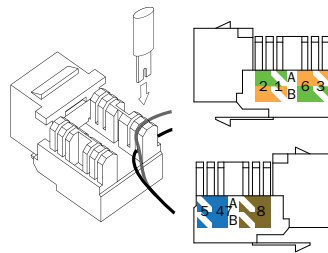

US # 7,956,295 B2 & 8,912,439 B2
Worldwide utility patents pending.

Certifications

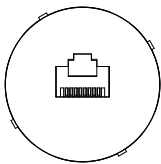

Diagram

Insert all wires into the CAT6a keystone by inserting them into the corresponding colour coded position using a Type 110 punch down tool and trim excess wire.

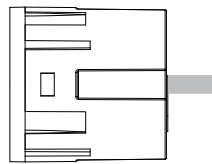

Best practice statement: For ease of future access or maintenance, we recommend a single incoming wire to the junction box (no J-box splices) immediately behind the 22 System receptacles.
